

### **What is Scrip?**

Scrip is a way to add money to your student's band account buying gift cards for things you were already going to buy. The amount you earn by using Scrip is credited to your student balance (reducing band costs.) The basic idea is that you may buy a \$100 gift card for \$92 so the additional part ("rebate") goes into student band account.

### **How much can using Scrip help with band fees?**

Scrip rebates are between 2-20% of gift card values. You can earn several dollars or several hundred dollars a year. The largest family earnings was over \$500 last year!

### **How does it work?**

You sign up, link your bank account, begin purchasing Scrip and the rebates start to add into your band account. When making a purchase, you are charged \$0.15 per transaction.

### **What else is there to know about band account?**

95% of Scrip goes to student account, 5% goes to the scholarship fund. If you leave the band program you can assign your account to another student or it goes into the general scholarship account.

### **What gift card options are available?**

Most companies offer e-giftcards which is preferable most of the time. Many companies also offer physical gift cards. Physical gift card orders are due by the 5th of each month. Within a week they are delivered and available for families to pick up at their convenience.

### **How do I sign up?**

Shopwithscrip.com then "join a program" Enrollment code is D8CFA5953L33

### **How do I pay?**

After registering you will also enroll in PrestoPay so that you link your bank account to pay for purchases. This requires some time as small deposits are made and then you verify those amounts to link up the payment. You can also use credit card to purchase BUT a 2.6% fee is added. Checks are not accepted by BVW Band Boosters.

### **Any key hints/tricks?**

**PLEASE** put in your student first and last name when registering!

Definitely take advantage of "bonus" times--for example Home Depot goes from a 4% rebate to a 7%

Make sure to download RaiseRight on your phone so your e-giftcards are always with you!
